Kapitel 1:

Why is he doing it again? And again and...Not now, please.

Yamapi watched Tegoshi, again....displeased by the sight he was given. It was lunch time and he had just gotten himself something really nice to eat as Tegoshi caught his attention. It was almost impossible not to notice what he was up to, when he turned around and around and oh he suddenly started to do some kind of gymnastics movements? Bending and twisting around the couch as if it was some piece of gymnastics apparatus.

Oh please good lord, leave that leg where it is...Put it back...!.. No no, no I said don't move it like that.

FLASH

Yamapi tipped over his opened bottle of water, as he was almost choking at the sight of Tegoshi doing a handstand.

Everyone turned around to face Yamapi who coughed heavily as he got up nervously and ran to the toilet. Never mind the food now or anytime again today.

After a brief moment of silence Tegoshi finished his exercise with a loud 'thud' as he jumped off the edge of the sofa with a bright smile, yelling out a loud; "HAI~".

Everyone eyed him, annoyed as if he deliberately provoked them. Koyama spoke up;

"I think, no actually we think, it's about time you put on some clothes, ne?"

Tegoshi didn't really get their point and moved on to something else, still bare-naked.
