Prolog:

"In this book there are only Japanese places and names. You don't have to read this book, if you don't like brutal scenes or events. This book has funny moments as you know from some mangas. So I'm warning you: You don't have to read it, because this book is not for the faint-hearted.

If you want to read this book, then I hope, that you'll enjoy it, like I did while writing it :)

So, let me show you some cool and awesome places in Hinamizawa.

I wrote this book in one day and I enjoyed writing it. Now I hope that you enjoy my book as a reader, too.

Enough talking! Now let's go on a tour, which will show you my fantasy. Let's turn back time to July 1983"
