Kapitel 4: You have to wake him up because he promised to go to some special event with you, you wanted to go

Hyun Joong:

You know that it's really hard to wake him up so you wake up half an hour earlier than you have to. Normally you would just get up, make yourself ready and wake him up at last. But you want to try out your new plan you made up the night before. Because he is just a man too, you really think it will be successful.

Thanks to Hyun Joong's sleeping habit, he is always nearly naked the next day, even if he has worn something before he went to bed. It's always nice to look at, so you start to cuddle with him and are lying down on his exposed chest. "Hyun Joong~~~" You say with a sweet voice. "You have to wake up~~" But he doesn't react. You grin and get up. "Well. If Oppa doesn't want to listen to me, I have to do it my way~ Ovva~~~" You say naughty, crawl to him under the blanket and get on the top of him to start your naughty plan

Young Saeng:

You shake him softly to wake him up. "We have to get up" You're telling him and he gets up with you. You watch him walking to the closet to change his clothes and decide to make yourself ready in the bathroom. When you come back to the bedroom, after some minutes, you see him lying on the bed again sleeping. Your face turns angry and you sigh. It's always the same.

You take out your phone and take a picture of him sleeping. At the same time the camera is making a sound, Young Saeng is opening his eyes and stares at you. "Did you....right now.....made a picture??"

"Ahh. Oppa. Your hairs are not really good in this. It looks so messy." You say playful and look at him. The next moment he jumps out of the bed and runs after you while you're trying to escape from him.

Well. At least he got up

Kyu Jong:

Before going to the event, you want to make a nice breakfast to surprise your boyfriend and to thank him for keeping you company for the event.

You look at his face and smile happily, seeing that he is still asleep and just looks so cute. Carefully you turn your body to the other side to get out of the bed, but when you try to step out of the bed with one foot, he is pulling you back. "Jagiya? Is it already time to get up?" He pulls you to him. "A-anio" You stutter. "I just wanna go to the toilet." He let's you free and you get out of the bed. After some minutes you return to the bed room to make sure that he felt asleep again. You take his big teddy bear out of the closet and put it under his arm, so that he would think it's you, even you two don't even have the same size.

When you're satisfied with your work, you return back to the kitchen to prepare the breakfast.

Jong Min:

So!! It's time!! One of your biggest adventures is starting again!!!

You stand in front of the bed where your hubby is still sleeping in it. But even if he looks like an angel right now, you know that he will turn in a devil in some seconds.

Carefully you grab your pillow and pull it on you. "You have to do it!! Have the courage!!" You try encouraging yourself.

The next second the pillow is hitting Jong Min's head. Like a snake his hand is grapping yours and pulls you on the bed. "NOOOOO!" You scream like someone tries to kill you.

You can feel that he is grapping your hair and starts to pull it. "Ahhhh!! Jong Min!!! It hurts!!!" You scream and start to hit him. Why does it always has to be like that in the morning?

After some seconds he let's go of you and you are looking angry at him with tears in your eyes.

"Ohhhh!! Jagiya!!!" He immediately goes up when he sees your face. "I'm sorry. I thought you're Hyung Jun." "Do I look like Hyung Jun?" You say angry and gets up to leave the bedroom, but he holds you back and hugs you from the back.

"I'm sorry Jagiya. Let me make it up again, huh?" He whispers to your ear and starts kissing your neck.

Hyung Jun:

He had a hard day yesterday and came back very late, so you decide to let him sleep a little bit longer and make yourself ready at first.

After you finished yourself you come back to the bedroom and see your boyfriend still sleeping. You smile to yourself because you think that he is just adorable like that and crawl to him in the bed. "Oppa~~ You have to wake up~~" He slowly opens his eyes, looks at you at start to smile.

"Good morning oppa~" You say. "Good morning." He says in a deep voice and you start biting your lips. How could you forget that his voice is always turning in a deep sexy voice in the morning? You love it and are thinking that it's totally sexy.

"Ahh!! Oppa!!!" You're saying annoyed. He looks confused at you. "What wrong??"

"We were supposed to go to the event!" You're still looking angry at him. "Are we late?" He asks in confusion. "No!!!" You answer. "But now we will because of you!!" Your face change to a grin and you pull him back down to the bed.
