## Short Stories about the Candy Girls

### Kapitel 10: Dionysus (Kitiara/Cocoa)

Kitiara placed her empty glass on the table with a hard clacking sound and wiped her lips with the back of her hand, giving Cocoa a provoking smile.

"Sorry, but you're going down, sweetheart!", she announced, just to blink surprisedly when she realised that Cocoa was long since pouring her next glass.

"We'll see about that.", the smaller magical girl said. She poured Kiti a new glass as well, they exchanged looks that emphasised their challenge to each other even more, and then they quickly downed their drinks again.

A few minutes later, their drinking competition had kind of become the background radiation to a cuddlefest.

"Cocoa... I mmmight need to arrest you!", Kiti slurred while ruffling the smaller womans hair with a grin. "For... tha CRIME of CUTENESS! God your hair's so sooooft!" She just buried her face in it, saying a few more muffled words of no significance.

"Okaaaay~ buuuut... only if I get hug-cuffs!", Cocoa replied, followed by a silly giggle, and nestled even more closely against her drinking buddy. Despite there being no clear winner, everybody won that night.
